# CUSHIONING AND CRITICAL FALL HEIGHT SOLUTIONS

There are 3 pad solutions on offer from Rawson to support safe and comfortable sport and play surfaces.

## SHOCKPAD

A light weight pad, designed to provide limited cushioning and protection.

## DEEPPAD

A more heavy duty 8mm thick needled fibre which provides considerable cushioning.

## DEEPPAD EX

The heaviest duty of our needled products, 12mm thick providing up to 75cm CFH

Rawson are constantly evolving with their product design and are creating products that provide a fully CFH compliant system up to 3m. please contact us to discuss the suitable products to achieve this for your project.

Rawson have been providing sports surfaces for many years and so have a large portfolio of specialist sports products. These include:

- Cricket surface
- Bowling Green Surface
- Sports pitch Surrounds
- Needled Grass effect Linings

Please contact us should you have a specific sports requirement or wish to discuss a bespoke product.
